

Julio Andrés Torres García

Independent Member

Colombian and U.S. citizen. Systems and Computer Engineer from Universidad de Los Andes specialized in Finance at Universidad de Los Andes, Master in Business Administration at Northwestern University, and Master in Public Administration at Harvard University.

He has 27 years of experience in management positions and/or as a partner in public and private companies, mainly in the financial sector. He has been appointed commissioner to participate in projects in the Capital Markets Commission and the Pension Experts Commission, actively participating in the transformation of these sectors in Colombia. As current Executive Director of Multiple Equilibria Capital, he led the structuring of the "Fondo de Deuda para Infraestructura en Uruguay CAF I," the structuring of the "Fondo de Deuda Senior para Infraestructura en Colombia CAF-AM Ashmore I," the origination of business for The Carlyle Group in Colombia, the infrastructure investments for Advent International in the Andean Region and the capitalization of Servicios Aeroportuarios Integrados SAI S.A.S. He is also a consultant to the Government of Honduras in its Public Credit policy through the Inter-American Development Bank; as a partner and current CEO of Andina Acquisition Corporation, he promoted the first Special Purpose Acquisition Company (SPAC) listed on Nasdaq (tickers: ANDA, ANDAW, ANDAU) oriented to the Andean market, has participated as a member of IPO teams on Nasdaq and led the acquisition and merger process of Andina I with Tecnoglass and Energía Solar, creating a company with a market value in excess of US\$300 million.
